

Please consider with great care and sincerity the concern expressed by so many of us worried about Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary. We count on you to protect the sanctity of the public airwaves and Sinclair Broadcasting's abuse of their conglomerate status is frightening.

Sinclair appears to be taking its use of the public airwaves, free of charge, and denying its legal obligation to serve the public interest. When large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Thank you.
